Definitions and interpretation

1 (1) In this regulation:

"Act" means the *Wildlife Act*;

"ATV" or **"all terrain vehicle"** means a wheeled or tracked motor vehicle that is capable of travel on or off a highway, including a motorcycle, but not including

(a) a snowmobile, or

(b) a motor vehicle that is licensed for highway travel under the *Motor Vehicle Act*;

"electric bicycle" means a wheeled device

(a) on which a person may ride,

(b) to which pedals or hand cranks are attached that allow the device to be propelled by human power, and

(c) to which a motor is attached that allows the device to be propelled by electric power;

"existing road or trail" means

(a) a road or trail with a paved surface,

(b) a cross-country or downhill ski route marked in a ski area by the owner of the ski area,

(c) a road used for logging or mining,

(d) a road or trail used for access to fences, power lines, wind generators or communication towers, or

(e) a trail on which there is no vegetation except on a strip that, if present, can be straddled by a 4-wheel vehicle;

"highway" has the same meaning as in the *Motor Vehicle Act*;

"motor vehicle" means a device in, on or by which a person or thing is or may be transported or drawn, and which is designed to be self-propelled, including an electric bicycle, but not including any of the following:

(a) another device designed to be propelled by human, animal or wind power;

(b) a device used exclusively on stationary rails or tracks;

(c) a boat;

(d) an aircraft;

"motorcycle" has the same meaning as in the *Motor Vehicle Act*;

"M.U." or **"management unit"** means an area designated as a management unit by the Management Unit Regulation;

"related transportation activity" means the following activities related to hunting:

(a) transporting a hunter;

(b) transporting game;

(c) transporting equipment or supplies, including a firearm or bow, intended to be used for or in support of hunting;

"snowmobile" means a motor vehicle designed for travel primarily on snow or ice, that has one or more steering skis and that uses one or more endless tracks driven in contact with the ground.

(2) In this regulation,

(a) a reference to a specific map is a reference to the map listed in column 1 of Schedule 8, and

(b) a description set out opposite in column 2 of Schedule 8 is listed for ease of reference only.

(3) If a period specified in a schedule to this regulation ends on February 28, the period ends instead on February 29 if the year in which the period ends is a leap year.
